Hello Spring, we're enjoying your:

- Early spring colors
- Daffodil parade and Tulip Festival
- Easter time with its celebrations and egg hunts And...
- The smell of fresh cut grass

Hardscapes

Hardscapes is a term used for hard (duh!) landscape products such as concrete, rock, pavers, etc. We find ourselves using many, various stone and concrete products in our landscapes. They handsomely take the place of poured concrete when creating patios, paths, steps and retaining walls and they add a form and appeal all their own.. Here's some pics I selected from our projects.

Olympic is celebrating 40 years this year with an Open House at CI Shenanigan's on Tacoma's waterfront. You are invited to this event on **Wednesday, July 26th from 4:00 to 8:00**. Hors d'oeuvres and drinks will be available for our guests. Simply RSVP by clicking "count me in" below, and come and go as you please.

And thank you for being a part of Olympic's history!!

Free Gift Card!!
good at...

Windmill Gardens is a great, local nursery with a wonderful variety of plants. While you are there, stroll through the garden and dine at the Windmill Bistro. Check out Visiting Blooms, a full service florist and visit Bella Ragazza Spa & Salon for a personal pampering.

Email me and I'll draw a winner on Friday, **April 28th. You'll be notified** by email.

- No purchase necessary.

Heavy Metal Rocks

How fun it was for our Staff and Crew to install this exceptional display at the Tacoma Home & Garden Show, 2017. We did not

hold back!! The industrial overtone of our **HEAVY METAL ROCKS** display, intriguing in itself, was softened by gracious, well-designed entertainment areas. Look for yourself and then catch the 4 minute time lapse creation.

Our techs love what they do and excel in technical skill, experience and a great attitude.

If you feel we can help, give us a call. I believe you'll enjoy the experience.
