A New Home Landscape

Our Designers and Installers work on a lot of existing homes sites. We call that a landscape **"remodel."** And here is a very exciting landscape for a **new** home in Lakewood. How fun to "start from scratch" (as Grandma used to say!).

This project included lots of site work with 200 cu. yds topsoil (special soil mix for lawns) and 13 tons of placement rock. Then we included a handsome deck in back, pavers, stone steps, sprinkler and outdoor lighting systems, lawn and the right plants to match the client's wish list. We love what we do!
