

Winter Services

We love what we do, even during the cold winter months! And we can help you get your landscape systems through all the seasons in good shape. Here are some services you may need or want to consider right now...

Sprinkler Systems Winterization

Winterize your sprinkler system before the freezing weather. Various components

within your system can freeze and break during sustained freezing spells if the lines are full of water. Normally this isn't a problem until mid to late December. We may have some frost before then but that is unlikely to hurt your system.

You can call us for advice or to provide this service.

[REQUEST SERVICE](#)

Small Works

Small works is a division of construction that estimates single element landscape projects such as paver patio, retaining wall, lawn renovation, landscape drainage, and synthetic turf. We charge time & material for these projects and have a one day minimum on scope of work.

Best Landscaper for 2019?

Here we are again, hoping to be selected the Best Landscaper of South Sound for the 10th year in a row. You have helped make this possible by voting for us in the past. Will you do that again this year? Just follow the link below. You'll find us in the Home & Garden section. You may have to register but it's an easy deal. There are several other categories you can vote for as well, and it's kind of fun. ***Thank you for your vote!!***

Vote for the Best of South Sound 2019 here!
