Another Enjoyable Project!

Gorgeous Key Peninsula Project

What a great project to be a part of. Here on the east side of Key Peninsula sits a gorgeous home that had some worn-out landscaping. We stood ready to help! A lot went into enhancing the general layout and overall landscape appearance. One example is this side yard which went from “nice” to an “inviting landscape” ready for its guests to enjoy.

The Grand Display

Each year we have a great time designing and installing a sample of our landscape work at the Tacoma Home & Garden Show. It's a major 3 long day event to create... and this after a couple months of planning – and scheming! – how we are going to create something new that everyone will enjoy.

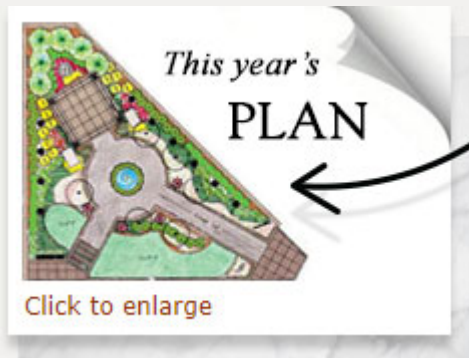

So this year:

**the
ITALIAN
JOB**

Make this year's Tacoma Home and Garden Show part of your day with a special retreat. Olympic invites you to visit our classic style garden on display.

We believe a stroll through our garden will make you smile. Be it the natural stone walls and steps, the beautiful fountain center stage, the serene color plant palette, or the exterior intimate covered sitting area... you'll find a need to ponder and soak it all in.

Every great landscape starts with a well thought out plan, and we could be your solution with a professional design created just for you.

Be sure to ask our attendants for help or information, and enter our drawing for a **FREE Landscape Design**.

For tickets to the show email me, neil@olympiclandscape.com, and tell me you want some free tickets for the show. I'll enter you in our drawing that will happen on Monday, January 22nd at noon. We are giving away **5 pairs** of tickets to this event... and parking is free.

Check out last year's Grand Display *Heavy Metal Rocks*, constructed and removed in only 4 minutes.

Plan Now for a Spring Landscape...

Spring is coming, which is a great time for landscaping. And now is a great time to begin planning, with a professional Design for your new yard.

A creative plan by our talented and seasoned Landscape Design Team is a pathway to an imaginative garden, as well as a tool for budgeting landscape construction costs.

Change Can Be a Good Thing

After 40 years we are changing things up a bit. I am transitioning out of Olympic and heading off to my second career – that of retirement. There have been so many lessons learned, wonderful people to work with, customers met and friends made – what a blessing it's been.

Welcome Aboard Joe

I would like you to meet Joe Areyano who has stepped in as owner and will take over the leadership later this year. I have come to know Joe very well and am excited to have him move into the conductor's position!

So I'm looking for the right pasture to head off to (!!)... but expect I'll have plenty of time to spend with my wife Normajean, our two boys, their wives, and 10 wonderful grandchildren. Thank you all for being a part of this grand experience.

Weighing My Options

May your New Year
be GREAT,

Neil & Normajean
