- Fall Yardwork
- Back to School
- Pumpkins and Turkey
- Football!

Fall Plantings

This is a great time to visit your local nursery and look at the fall color of trees, shrubs and groundcover. These fall colors make a wonderful addition to any landscape and the best way to select them is to see them in person. Also, it's a great time to plant!

Here are some varieties to consider:

Trees: Amelanchier Canadensis 'Shadblow', Cercidiphyllum Japonicum, and Sourwood

Shrubs: Itea virginica 'Henry's Garnet', Gaultheria Procumbens, Dwarf Burning Bush

Groundcovers: Ajuga Reptans 'Burgundy Glow', and Red-flowering Thyme

Fall & Winter Services

Customer satisfaction is a top priority from landscape design, to installation, and sprinkler service.

Drainage

Do you struggle with excess water in your landscape, pour drainage, run off, water logging? We install various drainage solutions to manage the water system for healthier landscapes.

Snow Removal & Ice Melt

Olympic provides snow and ice melting services to help you keep your commercial property safe during the winter where things can get slippery.

Outdoor Lighting

Our service includes checking and repairing/replacing the bulbs, wiring, connections and transformers and adding to existing lighting systems. Outdoor lighting provides security and is a great way to enhance the landscape.

Landscape Design

Fall/Winter is a great time of year to plan for a new landscape installation. A creative plan by our talented and seasoned Landscape Design Team is the pathway to an imaginative garden and an essential tool for budgeting landscape construction costs.

Please let us know how we can serve any of [**your landscaping needs.**](#)

We love what we do!

Winterize Your Sprinkler System

Winterize your sprinkler system before the freezing weather. Various components within your system can freeze and break during sustained freezing spells if the lines are full of water. Normally this isn't a problem until mid to late December. We may have some frost before then but that is unlikely to hurt your system.

Need help?

You can call us for advice or we can provide these services for you.

Our Customers Have Spoken

"A Great Big Thank You..."

"A Great Big Thank You!"
 We created a design that was far beyond anything we could have imagined. And watching the Olympic crew take the design from paper to reality was an amazing journey! Our original intention was to create a serene and peaceful place for our family. We had dreams of spending many relaxing hours with Jerry and Brenda in our newly landscaped yard!"

"Phenomenal in Making the Plans Work..."

"Phenomenal in Making the Plans Work..."
 Thanks to the team and the entire Olympic staff we were able to work with. They were thoughtful, good at listening and great at making the plans work in the real world. The maintenance was very important to us and we were very impressed with the way they handled the maintenance. We especially like the great work and the attention to detail with the right effect of the lighting. If you have any questions, please don't hesitate to call!"
