Fall Plantings

This is a great time to visit your local nursery and look at the fall color of trees, shrubs and groundcover. These fall colors make a wonderful addition to any landscape and the best way to select them is to see them in person. Also, it's a great time to plant!

Here are some varieties to consider:

Trees: Amelanchier Canadensis 'Shadblow, Cercidiphyllum Japonicum, and Sourwood

Shrubs: Itea virginica 'Henry's Garnet', Gaultheria Procumbens, Dwarf Burning Bush

Groundcovers: Ajuga Reptans 'Burgundy Glow', and Red-flowering Thyme

Fall & Winter Services

Customer satisfaction is a top priority from landscape design, to installation, and sprinkler service.

Drainage

Do you struggle with excess water in your landscape, pour drainage, run off, water logging? We install various drainage solutions to manage the water system for healthier landscapes.

Snow Removal & Ice Melt

Olympic provides snow and ice melting services to help you keep your commercial property safe during the winter where things can get slippery.

Outdoor Lighting

Our service includes checking and repairing/replacing the bulbs, wiring, connections and transformers and adding to existing lighting systems. Outdoor lighting provides security and is a great way to enhance the landscape.

Landscape Design

Fall/Winter is a great time of year to plan for a new landscape installation. A creative plan by our talented and seasoned Landscape Design Team is the pathway to an imaginative garden and an essential tool for budgeting landscape construction costs.

Please let us know how we can serve any of [your landscaping needs](#).
We love what we do!

Winterize Your Sprinkler System

Winterize your sprinkler system before the freezing weather. Various components within your system can freeze and break during sustained freezing spells if the lines are full of water. Normally this isn't a problem until mid to late December. We may have some frost before then but that is unlikely to hurt your system.

Need help?

You can call us for advice or we can provide these services for you.
