

## How We Have Grown

Olympic's reputation and growth come from our appreciative customers whose referral to friends and continuing business has promoted us over the years.

It is the unique "Olympic" design style and craftsmanship that create the superior landscapes for which we are known.

## Our Guarantee

We thoroughly enjoy what we do, and seeking your satisfaction is our #1 priority – earning your confidence and trust in recommending us to others.

And, for your assurance, we stand behind our work with a written guarantee.

# We love what we do...

## Landscape Design & Construction

We can provide you with the professional design and construction expertise you need to plan, budget and correctly install the landscape you have always wanted.

- Professional planning and custom designs
- New landscapes and renovations
- Outdoor living areas
- Ponds and water features
- Hardscapes: pavers, stone and concrete
- Outdoor lighting systems
- Sprinkler systems
- Residential installation

## FREE Site Evaluation

We offer a free site visit at your home to discuss your landscape ideas. If it seems appropriate for your project, we will review the benefits and details of creating a custom landscape plan for your home.

## Service Department

We offer you friendly service, professionally trained technicians, and full maintenance and repair of all your landscaping systems.

### Sprinkler Service

- Service and repair of all brands
- Spring start-ups / winter shutdowns
- System upgrades
- Residential and commercial

### Outdoor Lighting Service

- Service of lamps, bulbs and timer
- System upgrades and additions

### Back-flow Assembly Testing

- State certified testers
- Testing and repair of all brands
- Scheduled annual tests available
- Residential and commercial

## What our customers say...

*"Darren, his team and the entire Olympic staff were great to work with. They were thoughtful, great at planning and phenomenal in making the plans work in the real world. The installation was very impressive to watch considering the many site challenges they had to overcome. We especially love the grand entry and the fountain courtyard, with the night effect of up lighting. A big thank you to John, Neil, Darren and the whole crew!"*

**- Troy & Becky Rucker**

*"When we moved into our home, we had a wild, overgrown and unusable hillside in our backyard. We thought it was a lost cause, but Olympic provided us a beautifully terraced patio with a serene waterfall. Day, night and every season, our new backyard escape offers us enjoyment, peace and relaxation. From the design, to the construction, to the routine maintenance, the entire crew was friendly, accommodating and professional. Thanks Olympic for a first rate experience!"*
